100 most significant political films of all time: **The "Disguised" Political Film in Contemporary Hollywood** Betty Kaklamanidou, 2016-10-20 With strict guidelines on methodology and time frame -- films produced after September 2001, and a socio-semiotic theoretical framework -- Betty Kaklamanidou unpacks the problematic terms and ideas that go along with defining a new genre. Kaklamanidou considers a different sub-genre per chapter, placing each group of films in their socio-historical context to reach conclusions about the production of political films in millennial Hollywood. In shifting the terms of the debate, *The Disguised Political Film in Contemporary Hollywood* offers a fresh, new approach to the subject of the political film. The political film is not a clearly delineated object but rather an elusive one and resistant to clear boundaries. So, what is a political film? Can *The Hunger Games* (2012) belong to the same category as *Lincoln* (2012)? Is *Jarhead* (2005) a political movie simply because it is set during the Gulf War but with no reference to the motives of the conflict and/or American and Arab relations, and thus in the same group of war films such as *The Three Kings* (1999), another narrative that focuses on the same military conflict but includes direct commentary to governmental and military strategies? Are historical films by definition political since the majority deals with significant events and/or people in a specific socio-cultural landscape?

100 most significant political films of all time: Historical Dictionary of German Cinema Robert C. Reimer, Carol J. Reimer, 2019-07-15 The History of German film is diverse and multi-faceted. This volume can only suggest the richness of a film tradition that includes five distinct German governments [Wilhelmine Germany, the Weimar Republic, the Third Reich, the Federal Republic of Germany (West Germany), and the German Democratic Republic (East Germany), as well as a reunited Germany], two national industries (Germany and Austria), and a myriad of styles and production methods. Paradoxically, the political disruptions that have produced these distinct film eras, as well as and the natural inclination of artists to rebel and create new styles, allow for construction of a narrative of German film. Disjuncture generates distinct points of separation, and yet also highlights continuities between the ruptures. This second edition of *Historical Dictionary of German Cinema* contains a chronology, an introduction, appendixes and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on directors, actors, films, cinematographers, composers, producers, and major historical events that greatly affected the direction and development of German cinema. This book is an excellent resource for students,

researchers, and anyone wanting to know more about German cinema.

100 most significant political films of all time: 100 Essential Silent Film Comedies

James Roots, 2017-05-11 From the moment films were first produced, comedy has been a key feature of cinema. From just before the turn of the twentieth century until the early 1930s, audiences celebrated the brilliant humor of cinematic clowns who left their marks forever. We still remember—and laugh at—the hilarious antics of Laurel and Hardy, Buster Keaton, Harold Lloyd, and many others. In 100 Essential Silent Film Comedies James Roots identifies the major comedic motion pictures produced in the first few decades of the twentieth century. With a lucid and lively style, Roots takes a look at more than 400 silent comedies and narrows the list to 100 that viewers should consider. Each entry includes cast and crew information, a synopsis, critical evaluation, and additional commentary—all to demonstrate why that particular film is essential viewing. The films range from 70 seconds to full-length features and even include some of the earliest produced films, starting in 1894. In addition to citing Hollywood's finest, the book profiles comedies from around the world, including selections from the United Kingdom, France, Japan and Russia. More than seventy silent comedians from Charlie Chaplin to Max Linder are represented in these selections, and the book celebrates such established classics as *The General* and *Safety Last*—as well as relatively obscure one-reelers. Including information about DVD availability, 100 Essential Silent Film Comedies is an invaluable resource that provides both scholars and general film fans a list of entertaining films to explore.

100 most significant political films of all time: 2001 between Kubrick and Clarke Filippo Ulivieri, Simone Odino, 2023-04-13 The story of how "2001: A Space Odyssey" came to be made is in many ways as epic as the events portrayed in the film itself—and until now, just as mysterious. In 1964, with "Dr. Strangelove" ready for release, Stanley Kubrick was uncertain about what his next project would be, and considered making a film dealing with several contemporary themes. It was only when he encountered Arthur C. Clarke that he decided to make a science fiction film. Yet it took more than four years for "2001: A Space Odyssey" to reach the screen—a productive and creative odyssey that involved experimentation, last-minute rethinks, strokes of genius, quarrels, ultimatums, feats of will, and mental breakdowns. Drawing extensively from never before seen material, including production documents and private correspondences, "2001 between Kubrick and Clarke" gives for the first time a complete account of the two authors' creative collaboration; one which casts lights on their on-again, off-again relationship, as well as revealing new information about the genesis, production, and reception of the first and most important film about space, the origin of humankind and its destiny among the stars.

100 most significant political films of all time: Civil Servants on the Silver Screen Michelle C. Pautz, 2017-12-29 In the movies, government often finds itself in a variety of roles from villain to supporting cast, and rarely, if ever, the hero. A frequent component of that role is the bureaucracy and as documented in Civil Servants on the Silver Screen: Hollywood's Depiction of Government and Bureaucrats, bureaucrats are routinely found on screen. This book investigates how government bureaucrats are portrayed in the top ten box office grossing films from 2000 through 2015. Perhaps unsurprisingly, government is generally portrayed poorly, while individual government bureaucrats are typically depicted positively. These images of government on screen are particularly important given the ability of movies to influence the attitudes and perceptions of its audiences. The nature of these depictions and potential implications are considered as bureaucrats in film are categorized.

100 most significant political films of all time: Inventory A.V. Club, 2009-10-13 Each week, the writers of The A.V. Club issue a slightly slanted pop-culture list filled with challenging opinions (Is David Bowie's Young Americans nearly ruined by saxophone?) and fascinating facts. Exploring twenty-four great films too painful to watch twice, fourteen tragic movie-masturbation scenes, eighteen songs about crappy cities, and much more, Inventory combines a massive helping of new lists created especially for the book with a few favorites first seen at AVClub.com and in the pages of The A.V. Club's sister publication, The Onion. But wait! There's more: John Hodgman offers a set of minutely detailed (and probably fictional) character actors. Patton Oswalt waxes ecstatic about the quiet film revolutions that changed cinema in small but exciting ways. Amy Sedaris lists fifty things that make her laugh. Weird Al Yankovic examines the noises of Mad magazine's Don Martin. Plus

lists from Paul Thomas Anderson, Robert Ben Garant, Tom Lennon, Andrew W.K., Tim and Eric, Daniel Handler, and Zach Galifianakis—and an epic foreword from essayist Chuck Klosterman.

100 most significant political films of all time: Coca-Colonization and the Cold War Reinhold Wagnleitner, 2000-11-09 Reinhold Wagnleitner argues that cultural propaganda played an enormous part in integrating Austrians and other Europeans into the American sphere during the Cold War. In Coca-Colonization and the Cold War, he shows that 'Americanization' was the result not only of market forces and consumerism but also of systematic planning on the part of the United States. Wagnleitner traces the intimate relationship between the political and economic reconstruction of a democratic Austria and the parallel process of cultural assimilation. Initially, U.S. cultural programs had been developed to impress Europeans with the achievements of American high culture. However, popular culture was more readily accepted, at least among the young, who were the primary target group of the propaganda campaign. The prevalence of Coca-Cola and rock 'n' roll are just two examples addressed by Wagnleitner. Soon, the cultural hegemony of the United States became visible in nearly all quarters of Austrian life: the press, advertising, comics, literature, education, radio, music, theater, and fashion. Hollywood proved particularly effective in spreading American cultural ideals. For Europeans, says Wagnleitner, the result was a second discovery of America. This book is a translation of the Austrian edition, published in 1991, which won the Ludwig Jedlicka Memorial Prize.

Chapters on the impact of movie musicals on popular culture and the legacy of movie musicals further explain the impact of both the movies and their songs.

100 most significant political films of all time: The Rhetoric of the New Political Documentary Thomas W Benson, Brian J Snee, 2008-05-23 The Rhetoric of the New Political Documentary explores the most visible and volatile element in the 2004 presidential campaign—the partisan documentary film. This collection of original critical essays by leading scholars and critics—including Shawn J. and Trevor Parry-Giles, Jennifer L. Borda, and Martin J. Medhurst—analyzes a selection of political documentaries that appeared during the 2004 election season. The editors examine the new political documentary with the tools of rhetorical criticism, combining close textual analysis with a consideration of the historical context and the production and reception of the films. The essays address the distinctive rhetoric of the new political

documentary, with the films typically having been shot with relatively low budgets, in video, and using interviews and stock footage rather than observation of uncontrolled behavior. The quality was often good enough and interest was sufficiently intense that the films were shown in theaters and on television, which provided legitimacy and visibility before they were released soon afterwards on DVD and VHS and marketed on the Internet. The volume reviews such films as Michael Moore's *Fahrenheit 9/11*; two refutations of Moore's film, *Fahrenheit 9/11* and *Celsius 41.11*; *Unprecedented: The 2000 Presidential Election*; and *George W. Bush: Faith in the White House*—films that experimented with a variety of angles and rhetorics, from a mix of comic disparagement and earnest confrontation to various emulations of traditional news and documentary voices. The Rhetoric of the New Political Documentary represents the continued transformation of American political discourse in a partisan and contentious time and showcases the independent voices and the political power brokers that struggled to find new ways to debate the status quo and employ surrogate "independents" to create a counterrhetoric.

100 most significant political films of all time: *Taking a Stand* Jared N. Champion, Peter C. Kunze, 2021-11-15 Contributions by Jared N. Champion, Miriam M. Chirico, Thomas Clark, David R. Dewberry, Christopher J. Gilbert, David Gillota, Kathryn Kein, Rob King, Rebecca Krefting, Peter C. Kunze, Linda Mizejewski, Aviva Orenstein, Raúl Pérez, Philip Scepanski, Susan Seizer, Monique Taylor, Ila Tyagi, and Timothy J. Viator Stand-up comedians have a long history of walking a careful line between serious and playful engagement with social issues: Lenny Bruce questioned the symbolic valence of racial slurs, Dick Gregory took time away from the stage to speak alongside Martin Luther King Jr., and—more recently—Tig Notaro challenged popular notions of damaged or abject bodies. Stand-up comedians deploy humor to open up difficult topics for broader examination, which only underscores the social and cultural importance of their work. *Taking a Stand: Contemporary US Stand-Up Comedians as Public Intellectuals* draws together essays that contribute to the analysis of the stand-up comedian as public intellectual since the 1980s. The chapters explore stand-up comedians as contributors to and shapers of public discourse via their live performances, podcasts, social media presence, and political activism. Each chapter highlights a stand-up comedian and their ongoing discussion of a cultural issue or expression of a political ideology/standpoint: Lisa Lampanelli's use of problematic postracial humor, Aziz Ansari's merging of sociology and technology, or Maria Bamford's emphasis on mental health, to name just a few. *Taking a Stand* offers a starting point for understanding the work stand-up comedians do as well as its reach beyond the stage. Comedians influence discourse, perspectives, even public policy on myriad issues, and this book sets out to take those jokes seriously.

100 most significant political films of all time: *Politics, Hollywood Style* John Heyrman, 2017-12-20 This book analyzes major films about the American political process from the 1930's through the 2010's. Films are grouped historically and analyzed for their portrayal of American

politicians and the political system, uncovering patterns and trends regarding the ways that American politics is portrayed. It also explores how politics are reflected in and affected by these films. For example, compromise is often portrayed as a mistake, and heroes generally seek to redeem a corrupt political system. This book categorizes films by how politics are depicted in them (e.g., cynically, idealistically, etc.). This book also considers the depiction of race and gender in films, as well as the ideological slant of the stories told.

100 most significant political films of all time: *American Culture Transformed* Bruce Tucker, Priscilla Walton, 2012-07-31 The bombing of the Twin Towers in New York City on September 11, 2001, marked a major turning point in modern American culture. Priscilla Walton and Bruce Tucker examine critical moments in the aftermath of 9/11 – the Enron scandal, the trial of Martha Stewart, the capture and rescue of Jessica Lynch, the torture at Abu Ghraib prison, the widespread popularity of Dan Brown's *The Da Vinci Code* and Tim LeHaye's *Left Behind* series, Michael Moore's movie *Fahrenheit 9/11*, and former president Ronald Reagan's funeral. The authors argue that commentators on the American scene abandoned complexity, seeking to reduce events to their simplest signification. They ask how the singularity of meaning came to dominate American cultural consciousness, and they seek to theorize the critical cultural and political movements of the post 9/11 period.

100 most significant political films of all time: *The Undercut Reader* Nina Danino, Michael Mazière, 2003 A collection of writings and visual works from the UK magazine *Undercut*, together with newly-commissioned articles by leading critics in the field.
