**100 questions to ask your dad: A More Beautiful Question** Warren Berger, 2014-03-04 To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert

Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and "beautifully." In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why," "What if," and "How" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

**100 questions to ask your dad: The Art of Asking** Amanda Palmer, 2014-11-11 Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for-as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and practical aspects of The Art of Asking. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. The Art of Asking will inspire readers to rethink their own ideas about asking, giving, art, and love.

**100 questions to ask your dad: Think Like a Billionaire** James Altucher, 2019-12-11 What do Tyra Banks, Ev Williams, and Richard Branson have in common? If you answered that they're all extremely wealthy, you'd be right. But you'd also be missing a big part of the story. James Altucher, the noted entrepreneur, venture capitalist, bestselling author of Choose Yourself, and host of the podcast The James Altucher Show — which has over 40 million downloads — has interviewed 15 of the most successful people in the world to figure out just what makes them tick. And the conclusions might surprise you. For each of these people, money wasn't their ultimate goal — it was a natural byproduct of following their passions and developing good habits that enabled them to take advantage of their successes, and to learn from their failures. From the founder of Spanx to the entrepreneur behind Home Depot, from a craft beer aficionado to the investors on Shark Tank, these visionaries honed their ideas and creativity, and used what they loved as a compass to guide their curiosity. That curiosity gave them the insights they needed to skip the line, to try new things, to diversify, and to hit the accelerator on their successes. This isn't some lofty self-help book. This is about real people who achieved their dreams and gained wealth and influence as a result. As Altucher notes, ultimately it's not the number in the bank account that defines anyone — it's asking if you're living life to the best of your ability.
