Too often, doctors tell us that these discomforts are to be expected and that we will have to wait them out during “the change”; some of us even agree to be unnecessarily medicated. But Dr. Anna Cabeca’s research and experience with thousands of her patients show that there is a fast-acting and nonpharmaceutical way to dramatically and permanently alleviate these symptoms. The Hormone Fix introduces Dr. Cabeca’s unique Keto-Green protocol, a plan that pairs the hallmarks of ketogenic (low-carb/high fat) eating with diet and lifestyle changes that bring the body’s cellular pH to a healthy alkaline level. The proven result: balanced cortisol and reduced output of insulin, the hormones most responsible for belly fat and weight gain, plus an increase in oxytocin, the “love and happiness” hormone. Whether you are perimenopausal, menopausal, or postmenopausal, The Hormone Fix offers an easy-to-follow program, including • a 10-day quick-start detox diet to jump-start weight loss and reduce symptoms immediately • daily meal plans and weekly shopping lists to take the guesswork out of a month’s worth of Keto-Green eating • 65 delicious and easy-to-make recipes for breakfast, lunch, dinner, smoothies, and soups • detailed information on vitamin and mineral supplementation that optimizes hormone balance • simple self-assessments and recommended optional lab testing for a better understanding of your hormonal status • tested and trusted stress-reduction and oxytocin-amplifying advice and techniques With The Hormone Fix you can expect to trim down, tap into new and unexpected energy levels, enhance intimacy, and completely revitalize your life! 1up nutrition vegan greens and reds: *Keto-Green 16* Anna Cabeca, DO, OBGYN, FACOG, 2024-01-02 An innovative 16-day plan that combines the fat-burning benefits of a ketogenic diet with the brain-clearing and keto-flu protection of alkaline food, by the USA Today bestselling author of *The Hormone Fix*. “A powerful program that paves the way for lasting health, longevity, and disease resistance.”—David Perlmutter, MD, New York Times bestselling author of *Grain Brain* Are you having a hard time losing weight? Do you suffer from brain fog, lack of focus, or poor memory? Do you run out of energy halfway through the day? Do you have unwanted cravings? If you answered “yes” to any of these questions, join the club! In this revolutionary book, Dr. Anna Cabeca shares a proven way to finally give you the results you want, need, and deserve. There is no question that going keto works. This strict high-fat/low-carb diet denies the body glucose as a main source of energy and instead promotes the production and use of ketone bodies as fuel. It’s a great way to move you off a weight plateau, gain willpower, and get results fast. But going keto also often results in gastrointestinal discomfort, low energy, and moodiness—known as the “keto flu”—which makes the diet hard to sustain. The solution? Add alkaline foods—leafy greens, other vegetables, broths, healthy oils, nuts, and seeds—for a lifestyle that’s more sustainable and easier on your body. In other words: Go Keto-Green and thrive! A triple-board-certified physician, Dr. Anna Cabeca developed her method through years of careful patient and test-panel research. In *Keto-Green 16*, she explains the science behind her innovation: Hormone production dips as a woman ages, leading to increased visceral fat. By pairing keto-diet staples with foods that bring the body’s pH to a more alkaline level, you’ll shed belly fat while balancing the hormones responsible for that bulkier midsection. And by fueling your brain with ketones—like rocket fuel instead of gasoline—you’ll make better decisions, including healthier choices for what to eat. The unique nutritional balance of the Keto-Green 16 diet also boosts mood. With 16 days of what-to-eat instructions (including a version for vegetarians and vegans); more than 50 delicious breakfast, lunch, dinner, and snack recipes; information about the 16 best alkaline foods; a 16-hour intermittent-fasting strategy; 16-minute HIIT exercise routines; and a chapter outlining the specifics of the nutritional plan just for men; *Keto-Green 16* will ensure that you skip the flu and get on with rapid and amazing weight loss.

1up nutrition vegan greens and reds: *I Will Survive* Gloria Gaynor, 2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including *Honey Bee*, *I Got You Under My Skin*, *Never Can Say Goodbye*, and the song that has immortalized her, *I Will Survive*, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer,

as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a

moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.
