The Bodhisattva's Way of life begins by explaining how and why to make offerings to the Three Jewels and how take the bodhisattva vow (which is still being done this way 1,400 years later). Thirty-seven Practices of a Bodhisattva is an ancient text written in the 14th Century BCE by Tokme Zangpo, a Buddhist monk and scholar who was born in Puljung, south west of the Sakya Monastery in Tibet. Thirty-seven Practices seeks to make clear the day-to-day behavior of a Bodhisattva (an enlightened being on their way to attaining full Buddhahood for the benefit of all sentient beings). It serves as a practical guide for those people seeking to travel the path of enlightenment. Though short in length, a person could spend a lifetime perfecting the practices. The

work can be seen as a companion to Santideva's classic work the Bodhicaryavatara. While there are English translations of this text, they are a little difficult to understand for many readers living in the 21st Century. The mode of expression and the figures of speech are the product of that far-off time. This book faithfully re-expresses in modern day language the underlying message of the original text. Every effort has been made to preserve the underlying spirit of the message. This work respects the beauty of the original text, yet it brings the even greater beauty of the underlying message to a whole new audience in the modern world who might otherwise find the original text less than easy to fully understand. If you are embarking on the path to enlightenment, or just curious, this little book could be just the change agent you have been looking for. It is said to be one of the Dalai Lama's favorite texts.

a guide to the bodhisattvas way of life: *Interconnected* O-rgyan-'phrin-las-rdo-rje (Karma-pa XVII), 2017-02-28 Plucked from a humble nomad family to become the leader of one of Tibet's oldest Buddhist lineages, the young Seventeenth Karmapa draws on timeless values to create an urgent ethic for today's global community. We have always been, and will always be, interconnected—through family, community, and shared humanity. As our planet changes and our world grows smaller, it is vital we not only recognize our connections to one another and to the earth but also begin actively working together as interdependent individuals to create a truly global society. The Karmapa, Ogyen Trinley Dorje, is uniquely positioned to guide us in this process. Drawing on years of intensive Buddhist training and a passionate commitment to social issues, he teaches how we can move from a merely intellectual understanding to a fully lived experience of connection. By first seeing, then feeling, and finally living these connections, we can become more effective agents of social and ethical change. The Karmapa shows us how gaining emotional

awareness of our connectedness can fundamentally reshape the human race. He then guides us to action, showing step by step how we can change the way we use the earth's resources and can continue to better our society. In clear language, the Karmapa draws connections between such seemingly far-flung issues as consumer culture, loneliness, animal protection, and self-reliance. In the process, he helps us move beyond theory to practical and positive social and ethical change.

a guide to the bodhisattvas way of life: LIFE AND TEACHINGS OF TSONG KHAPA Prof. Robert Thurman , 2006-01-01 Je Tsong Khapa (1357-1419) is revered as one of the most significant Tibetan Buddhist teacher whose eclectic and analytic studies and meditations in all the major schools of Tibetan Buddhism resulted in the founding of the Gelugpa system of the Tibetan Buddhist heritage. The *Life and Teachings of Tsong Khapa* brings together for the first time a number of extremely important and useful works by and on Tsong Khapa touching transcendental aspects of Sutra, Tantra and Insight Meditation, including mystic conversations with great Bodhisattvas and deeply spiritual songs in praises of Manjushri and Maitreya etc. The anthology concludes with a number of intensely moving songs in praise of Tsong Khapa and his immeasurable contribution to Tibetan Buddhism by such realised and remarkable Tibetan Buddhist personalities like the Seventh Dalai Lama, Eighth Karmapa, Dulnagpa Palden and Khaydrub Je etc. Ably translated by a number of

Western Buddhist translators in association with Tibetan Buddhist scholars, *The Life and Teachings of Tsong Khapa* edited by Professor Robert Thurman, fulfils a long standing need of the contemporary Dharma community of both the East and the West.

a guide to the bodhisattvas way of life: *The Zen of Therapy* Mark Epstein, M.D., 2022-01-11
“A warm, profound and cleareyed memoir. . . this wise and sympathetic book’s lingering effect is as a reminder that a deeper and more companionable way of life lurks behind our self-serious stories.—Oliver Burkeman, New York Times Book Review A remarkable exploration of the therapeutic relationship, Dr. Mark Epstein reflects on one year’s worth of therapy sessions with his patients to observe how his training in Western psychotherapy and his equally long investigation into Buddhism, in tandem, led to greater awareness—for his patients, and for himself For years, Dr. Mark Epstein kept his beliefs as a Buddhist separate from his work as a psychiatrist. Content to use his training in mindfulness as a private resource, he trusted that the Buddhist influence could, and should, remain invisible. But as he became more forthcoming with his patients about his personal spiritual leanings, he was surprised to learn how many were eager to learn more. The divisions between the psychological, emotional, and the spiritual, he soon realized, were not as distinct as one might think. In *The Zen of Therapy*, Dr. Epstein reflects on a year’s worth of selected sessions with his patients and observes how, in the incidental details of a given hour, his Buddhist background influences the way he works. Meditation and psychotherapy each encourage a willingness to face life’s difficulties with courage that can be hard to otherwise muster, and in this cross-section of life in his office, he emphasizes how therapy, an element of Western medicine, can in fact be considered a two-person meditation. Mindfulness, too, much like a good therapist, can “hold” our awareness for us—and allow us to come to our senses and find inner peace. Throughout this deeply personal inquiry, one which weaves together the wisdom of two worlds, Dr. Epstein illuminates the therapy relationship as spiritual friendship, and reveals how a therapist can help patients cultivate the sense that there is something magical, something wonderful, and something to trust running through our lives, no matter how fraught they have been or might become. For when we realize how readily we have misinterpreted our selves, when we stop clinging to our falsely conceived constructs, when we touch the ground of being, we come home.

a guide to the bodhisattvas way of life: Bodhichitta Lama Zopa Rinpoche, 2019-05-21 Lama Zopa Rinpoche, a prominent Tibetan Buddhist teacher, explains the philosophy and practice of Bodhichitta, the aspiration to help all beings reach enlightenment. Meditation instructions are included--

a guide to the bodhisattvas way of life: *The Compassionate Life* Dalai Lama, 2012-01-30
The key to a happier and more successful world is the growth of compassion. --His Holiness the Dalai Lama Giving and receiving affection is the key to happiness, and compassion is the key that opens our hearts to affection. Illuminating themes touched upon in *The Good Heart* and *The Art of Happiness*, this generous and gentle book contains some of the most beloved teachings on compassion that the Dalai Lama has ever offered. Touching and transformative, *The Compassionate Life* is a personal invitation from one of the world’s most gifted teachers to live a life of happiness, joy, and true prosperity. Collected here for the first time are four of the Dalai Lama’s most accessible and inspiring teachings on compassion. The purpose of life is to be happy, His Holiness reminds us. To be happy, we should devote ourselves to developing our own peace of mind; the more we care for the happiness of others, the greater our own peace of mind. Therefore, we must develop compassion for others in order to be truly happy. In these four teachings--imbued with the gentle humor and extraordinary kindness of this incomparable teacher--His Holiness explores altruism and the need for compassion on an individual as well as a global scale. He offers specific practices for developing loving-kindness and compassion in even the most difficult situations.

a guide to the bodhisattvas way of life: Guide to the Bodhisattva's Way of Life Buddhist Master Shantideva, 2018-03-05 Composed in the 8th century by the famous Indian Buddhist master Shantideva, this new translation, made under the guidance of Geshe Kelsang Gyatso, conveys the great lucidity and poetic beauty of the original, while preserving its full impact and spiritual insight.

Reading these verses slowly, while contemplating their meaning, has a profoundly liberating effect on the mind. The poem invokes special positive states of mind, moves us from suffering and conflict to happiness and peace, and gradually introduces us to the entire Mahayana Buddhist path to enlightenment.

a guide to the bodhisattvas way of life: The Words of My Perfect Teacher Patrul Rinpoche, Dalai Lama, 1998 Patrul Rinpoche makes the technicalities of his subject accessible through a wealth of stories, quotations, and references to everyday life. His style of mixing broad colloquialisms, stringent irony, and poetry has all the life and atmosphere of an oral teaching. Great care has been taken by the translators to render the precise meaning of the text in English while still reflecting the vigor and insight of the original Tibetan.

a guide to the bodhisattvas way of life: Food of Bodhisattvas Shabkar Tsogdruk Rangdrol, 2004-08-10 Based on the teachings of the Buddha, this book offers the most compelling and impassioned indictment of meat-eating to be found in Tibetan literature and is pertinent to anyone interested in vegetarianism as a moral or spiritual issue. The Buddha's teachings show how destructive habits can be examined and transformed gradually from within. The aim is not to repress one's desire for meat and animal products by force of will, but to develop heartfelt compassion and sensitivity to the suffering of animals, so that the desire to exploit and feed on them naturally dissolves. There are two texts presented here. One is an excerpt from Shabkar's Book of Marvels, consisting of quotations from the Buddhist scriptures and the teachings of masters of Tibetan Buddhism that argue against the consumption of meat, with Shabkar's commentary. The second, the Nectar of Immortality, is Shabkar's discourse on the importance of developing compassion for animals.

a guide to the bodhisattvas way of life: Introduction to Tibetan Buddhism John Powers, 2007-11-09 This is the most comprehensive and authoritative introduction to Tibetan Buddhism available to date, covering a wide range of topics, including history, doctrines, meditation, practices, schools, religious festivals, and major figures. The revised edition contains expanded discussions of recent Tibetan history and tantra and incorporates important new publications in the field. Beginning with a summary of the Indian origins of Tibetan Buddhism and how it eventually was brought to Tibet, it explores Tibetan Mahayana philosophy and tantric methods for personal transformation. The four main schools of Tibetan Buddhism, as well as Bön, are explored in depth from a nonsectarian point of view. This new and expanded edition is a systematic and wonderfully clear presentation of Tibetan Buddhist views and practices.

a guide to the bodhisattvas way of life: A Flash of Lightning in the Dark of Night Dalai Lama XIV Bstan-'dzin-rgya-mtsho, 1994 Compassion is the guiding principle of the bodhisattvas, those who vow to attain enlightenment in order to liberate all sentient beings from the suffering and confusion of imperfect existence. To this end, they must renounce all self-centered goals and consider only the well-being of others. The bodhisattvas' enemies are the ego, passion, and hatred; their weapons are generosity, patience, perseverance, and wisdom. In Tibetan Buddhism, the Dalai Lama is considered to be a living embodiment of this spiritual ideal. His Holiness the Fourteenth Dalai Lama presents here a detailed manual of practical philosophy, based on The Way of the Bodhisattva (Bodhicharyavatara), a well-known text of Mahayana Buddhism written by Shantideva. The Dalai Lama explains and amplifies the text, alluding throughout to the experience of daily life and showing how anyone can develop bodhichitta, the wish for perfect enlightenment for the sake of others. This book will surely become a standard manual for all those who wish to make the bodhisattva ideal a living experience.
